To whom it may concern,
I'd like you to understand that Ramona does not belong in districts with Imperial and Riverside County. We are a agricultural center for San Diego County along with Lakeside and Valley Center. Even Jamul is more closely aligned in its peoples legislative priorities. For example, we are an Equestrian community much like Lakeside and Valley Center or an agricultural community like Jamul. Ramona Unified School Districts has students from outside the town participating daily in school, sports, and recreation. I'm concerned that we will be forgotten in districts that will focus on Imperial and Riverside first and foremost?

I'm asking the commission to think about this and place Ramona back into districts that reflect the people here. To do this, please keep us with East County San Diego in your future and final maps.

Thank you,
Sara Allen, resident and business owner
