Expecting some minor boundary changes for 2nd District only to discover massive slice and dice of our backcountry communities. Your dissecting of the Descanso Community with the Library and Elementary School in one district and the Post office, Gas Station and restaurants in another is an unacceptable situation. Does not provide any continuity or follow transportation routes, school district boundaries, utility corridors, water district boundaries, natural drainages, existing Local, State or Federal planning areas, MSCP planning areas or connectivity between residential areas to places of employment. Our backcountry communities need common political representation. Time to hold a IRC meeting within the Greater Mountain Empire area.
