As Chairman of the Lakeside Chamber of Commerce and a business owner in the Lakeside Community I find it very offensive that no one has reached out to survey or get our input on redistricting in the County of San Diego. None of the proposed maps make any sense for the East County business community. Surrounding communities in the East County share many ideas and share in networking groups, fundraisers and many other functions for the better of our local merchants and citizens. East county communities and cities faces similar issues that in many cases requires an elected official that can represent our community and concerns. Please consider an additional plan to keep East Communities as one district of its own.

Respectfully,
Robert T Lloyd
2021/22 Chairman
Lakeside Chamber of Commerce
