Hello Commissioners

I am a 26 year resident of the north San Diego coastal area, with the last 10 years spent in Encinitas. I am strongly in favor of including Encinitas in a district with a North-South boundary so it remains within the coastal communities rather than an East-West boundary to include inland areas. The coastal towns share similar concerns, many related to the unique environmental impacts of impending climate change, sea level rise and coastal erosion. We also share the same challenges related to commuter congestion along the I-5 corridor and the lack of affordable housing in the area. Our most pressing concerns differ significantly from those of the inland communities, and therefore I strongly urge you to keep the coastal corridor united as part of the same district.

Many thanks for your hard work and dedication to this difficult task.

Respectfully,
Karen McLachlan
