Please, leave Fallbrook/Bonsall in the North County district.

We share many resources with our neighboring towns/cities. This is especially import during emergencies like fire or medical (ambulances). Note: Our fire protect district rocks.

If we become part of East or South County, how fast can emergency services from those areas get here? Will East/South County PAY for building new emergency resources?

Regarding schools, will there be enough resources especially for BIPOC (Black, Indigenous People of Color)? Will there be enough resources for special education?

Lastly if the mileage tax goes into effect the costs to East/South County public works will increase to get from down there to up here or the alternative would be just as, if not more, costly to build public works sub-stations in our area.

Lastly we like our area representative.

Thank you for considering my request.

Best Regards,

Sharon Cook

Fallbrook, CA
NORTH San Diego County.
