My name is Kathy Griffiee, I reside in the community of North Encanto/92115 and I am a proud SEIU Local 221 member. I want to thank the Commissioners for their hard work & for listening to the communities during these past few months. I support 6 as it currently is very close to a map for ALL of our communities. That map is leaning toward a direction that will hold up the values for all our communities as a whole in the County of San Diego.

These values include creating a majority-minority Latinx and border district without Coronado & Pt. Loma, and uphold the Voting Rights Act in District 1. Uniting Escondido with the other four cities: Oceanside, Carlsbad, Vista, San Marcos, along the freeway 78. This region has grown very quickly and shares a number of healthcare, transportation, business, public safety, and recreation resources. As well as the strong presence of the veterans and keeping intact a Latino Community of Interest. Allowing the rural areas to have a better & cohesive representation in District 4. And also, a significant Native Peoples Community of Interest, uniting the tribal lands in the back country in this district. Creating a District 2 that reflects the coastal community of interest, from Encinitas all the way down to include Coronado & Pt. Loma, to ensure that the important environmental issue is a focus of the county. As well as maintaining the density of the AAPI community in this area.

As a county worker (Make sure this is correct) and an ally for Black, Indigenous, People of Color as well as the LGBTQIA+ community, I know the importance of having a county government that truly represents the community. By including the proposed map for this district from PANA previously, you are helping keep several communities of interest intact. The historic LGBTQ community of interest in Hillcrest, University Heights, North Park, Mission Hills, Normal Heights, and Kensington are kept together. Both the traditional Black communities of City Council District 4, La Mesa, and Lemon Grove are combined with the emerging Black communities in El Cajon, Spring Valley, and City Heights where refugees reside make up a strong BIPOC community of interest in this district.

I urge the Commission to listen to the community members & move forward with plan 6 tonight with the Black, Muslim, refugees, immigrants, and the LGBTQ communities.

Sincerely
Kathy Griffiee
