I live in Santee and am horrified at the draft maps. Santee belongs with East County communities like El Cajon, La Mesa, Lakeside, and similar areas. Santee does not belong with coastal communities or areas like Hill Crest. Santee shares similar demographics with East County, we are Chambers of Commerce, traffic issues, roads, water ways, school districts, health care districts, water districts, the list goes on. Lakeside and Santee even share a Sheriff resources as we actually neighbor each other. The attempt to put Santee with any other areas of San Diego is a clear attempt to gerrymander San Diego County in favor of political party. Leave East County with other East County cities so that we actually have a fair chance at having someone who represents our values and shared community.
