Dear BOS,

I support version 6 of the redistricting proposals. It is the best plan to keep cohesive communities. My proposed district (Encinitas to Coronado) keeps the coastal communities cohesive. It also gives voice to Latinix community (1), Black, Muslim, refugee and immigrant, LBGTQ communities (3), rural community cohesion (5) and 78 medical, transportation, safety, recreation corridor interest cohesion.

Thanks for your attention,
Adele Josepho
