I recently moved to Alpine with my new husband who was born and raised in Alpine and spent hundreds of hours volunteering with Supervisor Anderson and his team in the past. We firmly believe that it would be in the best interest of all East County residents to keep Alpine as a part of District 2. We have completely separate needs than other districts that you want to attach most of rural East County with.

That being said, I'm opposed to the new redistricting plan to not have Alpine in District 2. Alpine must remain part of District 2 in connection with Lakeside, El Cajon, and Santee because we share many resources, funding, and voted to have Joel Anderson represent us.
