My name is Mumtaz a resident of El Cajon I participated in the community mapping session posted by PANA. Working with the Afghan refugee community. Our community has shared languages, cultural practices, community centers, socioeconomic status, and common goals for our children and families. Of the County's draft maps, I really liked that City Heights, La Mesa, Lemon Grove, El Cajon, Paradise Hills, Spring Valley and Rancho San Diego are kept together in Draft Maps 6, 7, and 8. District 3 in draft maps 6 and 7, and District 2 in draft map 8 are important in uplifting our Black, Arab, Middle Eastern, Muslim, Asian refugee, and immigrant communities. However, I dislike that Santee was included in the BIPOC, refugee, and immigrant district in the earlier draft maps.
