My name is Nancy Nguyen and I am the Civic Engagement Organizer for PANA. Of the County's draft maps, I really liked that City Heights, La Mesa, Lemon Grove, El Cajon, Paradise Hills, Spring Valley and Rancho San Diego are kept together in Draft Maps 6, 7, and 8. District 3 in draft maps 6 and 7, and District 2 in draft map 8 are important in uplifting our Black, Arab, Middle Eastern, Muslim, Asian refugee, and immigrant communities. However, I dislike that Santee was included in the BIPOC, refugee, and immigrant district in the earlier draft maps. Federal funding for refugee resettlement goes to the county, and San Diego County welcomes more refugees than any other California county. Therefore, refugees have a vested and critical interest in direct representation in county government so that they have a voice in shaping policies that will lead to welcoming and successful resettlement.
