eComment :

I have lived in Fallbrook for 15 years. Both highways 76 and 78 are a part of my regular travel patterns for shopping and commerce. We in Fallbrook have a decades long association with other north county cities, e.g., Bonsall, Vista, Escondido and San Marcos, for our community of interest, including sports, healthcare, emergency, fire and cultural events.

I believe maps 5 and 8 are in the best interest of our community in Fallbrook, as they align with our travel/commerce activities along the 76/78 corridors.
