I strongly oppose the maps that have been proposed for North County that split up the Tri-City area of Oceanside, Vista and Carlsbad. The Tri-City area is a long-standing community of interest and separating them will silence the voice of that community of interest.

I strongly oppose the maps that group more of North County in with the city of San Diego. The rural interface communities of San Marcos, Escondido, Valley Center, etc. have nothing in common with the interests of the coastal and urban areas. Grouping them together would only dilute the rural voices in our community.

North County is a separate community from the city of San Diego with different interests. Please keep it together and separate from San Diego so our voices remain heard.

Thank you for your consideration.
