---

Dear Commissioners,

Thank you for your time and attention devoted to the matter of San Diego County Supervisory redistricting. I will be brief.

I am contacting you today as a resident of Solana Beach. I endorse Map 10 in the current iteration. This map continues a degree of cohesion among some of our coastal communities which share economic, cultural, environmental, educational and medical communities. Outside of our coastal region, Map 10 does the best job of promoting cohesion among Communities of interest, when compared with other proposals.

Thank you,

Adele Josepho, Solana Beach
