eComment :
Hello,

I'm writing today as a small business owner and parent of two children in Fallbrook public schools to support keeping the unincorporated communities in San Diego County, and Fallbrook in particular, attached to district 5. Our communities share common interests and concerns with the rest of North County, and it is important we continue to have a voice representing those common interests and concerns with the other North County communities and cities with which we have built supportive and synergistic relationships over many decades. Please consider the negative impact of separating our communities when finalizing the new district maps for San Diego County, and keep us as a unified District 5.

Thank you,
Jessica Richer
