My name is Laurie and as an individual, I am providing feedback for the community of Lakeside, CA. Although I, personally, have only lived in East County for 7 months, I have family that has lived here for years, in which I have visited over the years. In the short time that I have lived here, it was very apparent that East County has a special set of communities that should naturally remain together.

I oppose your proposed placement of Lakeside in your maps. For Lakeside's placement in legislative districts, I only support the San Diego County Communities of Interest Map endorsed by the Lakeside Chamber of Commerce and located at [SDCountyRedistrictingMap.org](http://SDCountyRedistrictingMap.org).

Your proposed map silences the voice and perspectives of rural and agricultural areas in San Diego county by splitting them up and tossing them into separate districts where their votes are diluted.

You demonstrate utter lack of understanding about San Diego county and our communities of interest by placing Lakeside in the same district as Hillcrest which is densely urbanized and has absolutely no real ties with our community.

Lakeside has strong ties with neighboring communities of El Cajon, Alpine, Santee, Poway and others, in which we should REMAIN in the same district as.

Keep the country, country.
