As a lifelong resident of East County, Lakeside, I strongly oppose these plans to redistrict! The people of Lakeside, mostly home owners, have nothing in common with the people in highly populated areas. We have different needs, values, and concerns than the people who live in those areas. We need the representation we vote for. Not the representation that would be appropriate in say Logan Heights. To me this is a strong attempt to silence the rural people and take over our ability to vote for what we consider proper representation!
