I like and support Map 9 because it preserves the AAPI community of interests mostly, plus it gives the rural communities 2 mainly unincorporated / rural districts, it gives the Hispanics/ Latinos communities in the South Bay a great chance to elect a candidate of choice, Plus some influence districts for Latinos/ Hispanics in another District which is good, It keeps the Tri Cities together and the Airport communities together in North County Coastal, It keeps the LGBTQ+ community intact, also its keeps the Immigrants and Refugees Communities together. This is a win win situation for majority since it does give each group a chance to elect a a Candidate of choice. It does comprises with the Voting Rights Act. Please select MAP 9, it is the best compromise and does not tear majority of the community of interest together. Please consider this MAP 9 for the maps. I am a member of AAPI Community.
