I grew up in East County and have lived throughout San Diego County my entire life. I was dismayed to see the current maps proposed and the clear lack of understanding of San Diego County's communities of interest.

Instead, I strongly support the maps outlined at this website: sdcountyredistrictingmap.org/supervisors. These maps acknowledge the shared economies and culture of San Diego County's different regions. They would be great improvement over the current flawed proposed maps.

Thank you for your consideration.
