Please support map 10. This ensures proper representation with the cities of Carlsbad, Oceanside, San Marcos, Escondido, and Vista as we have the 78 corridor in common, Tri-City Hospital system, Palomar airport to name a few common interests. It's inevitable that our current districts MUST change. We can't keep the status quo because our population has not remained in the status quo. Our population has changed in the last 10 years. I urge the commission to ensure that the districts are truly representative of our population today (not of 10 years ago). Carlsbad does not have any commonality with Anza Borrego and Valley Center as represented in map 12. Carlsbad should not be part of map 12.
