eComment :

I want to thank the Commissioners for their hard work & for listening to the communities during these past few months. I support draft map 10, as it keeps communities together, respects the Latino community & will make San Diego County stronger. Map 10 includes a border district, which is impactful for our Latino community and cross-border region. It is a balanced and fair map that works well for every region in the county. I urge the Commission to listen to the community members & move forward with Map 10 tonight.
