eComment :

As a 30+ year resident of the valley center area i would strongly show my support to keep the rural communities together in ONE district and allow our voices to be herd loud and clear by the IRC .
THE RURAL COMMUNITIES ARE FOR DIFFERENT THAN A CITY with separate independent agencies ie.. sherif,watter, fire,school,planning,parks,cementary,and so on. Being lumped in with a southern CITY would do the residents of the rural north county areas absolutely no good.
