Because of the many shared services and similarities in character it is imperative that Fallbrook be kept in the same district with the other rural communities like Rainbow, Pala, Valley Center, Bonsell, and Pendleton. Plus the small and still somewhat rural cities of Oceanside, Vista, SanMarcos, and Escondido share much of the same rural history that binds our communities together. We all depend on the County influence/cooperation and/or services in areas of human interest from public safety to roads, parks, trails, dealing with both the homeless population, and housing issues. Our school boundaries blend over the region as a whole and are also best served by keeping the these communities together under a single supervisory district.

We appreciate your consideration of our comments in your hearings and decisions being made in this matter.

Thank you for your service on this commission.

Sincerely,  
Gail and Ron Eastman
