Please keep Ramona together as a community! From north to south, east to west, we have so much shared history, culture, interests, hobbies, etc., such as agriculture, equestrian activities, hiking trails, wineries, a plethora of artists, non-profits, and so much more.

We are a true Community at heart, and should stay intact for so many reasons. I believe that this 2010 Ramona Community Plan from the San Diego County website explains this very well.

Thank you for considering the public's input in this critical decision!
