Dear Commissioners: AGENDA Item 4. As a resident of District 3, I strongly support the Draft Map 10. It is the strongest map that supports a coastal corridor with a North South orientation from Encinitas to Coronado. A coastal corridor community of interest will provide political strength to our role as guardians of our bluffs, beaches and ocean. The recent oil spill and collaborative efforts of coastal corridor cities to mediate the toxic impact of this disaster is proof of the vital importance of maintaining a strong coastal corridor. Draft Map 10 also honors the 78 corridor cities desire to stay together as they share strong connection to businesses along the 78, Latinx and military communities of interest. It also honors our AAPI and Black/Muslim communities. Please support Draft Map 10.
