---

Can you send me a more detailed map showing the district boundaries you are proposing in the Vista/ San Marcos area ? I'm not sure if you have placed all of the Twin Oaks Community Planning area and north County Metro islands in District 3 or District 5 or if you have split out community up between the two. Also, please move the designation of sR 78 to another portion of the map. It is covering an area at the division of the two districts and I would like more detail on this area.

Thank you very much.

Sandra
