I want to first thank the committee for their hard work and for listening to our opinions about redistricting. I am a part of the Chaldean Community in east county. I firmly believe that moving the city where I live, El Cajon, into the district of central San Diego will unfairly misrepresent my community. You are ripping my city from where my family attends school, church, and every community event. It makes sense to keep El Cajon in the current district #2. Thank you.
