I would like to express my desire to keep Elfin Forest, Eden Valley, Harmony Grove, and Rancho Santa Fe in the same district. To break up these rural communities, which I am a part of, would have negative consequences when it comes to advocating for the community, fire safety, and development. Our unincorporated communities need to have the chance to speak with one voice.

This must be taken into account by the council as our communities need a council member willing to advocate for us. If we are split, our voice will be diluted by larger more dense location and population needs.

I kindly request that map 13b be the framework for the newest rezoning efforts as it is the only one that keeps our rural communities together. Otherwise, I would like to ask that new maps be drawn up with the above thoughts taken into consideration.

Thank you.
