Dear Commission,

Please protect East County's unique voice. We are predominantly unincorporated and rely on the county for all our services including roads and public safety. We have no one else except our Supervisor to fight for us.

- 1) Do not shove the urban areas of Mira Mesa and Rancho Penasquitos into East County. Our voices will be drowned out.
- 2) Please do not separate us from Spring Valley, Rancho San Diego, and the other unincorporated areas near El Cajon.

Please leave us alone and allow us to have at least one person who can represent us in government.

It's truly wrong to disenfranchise us.

Thank you.
