Hello, my name is Dan O'Donnell and I would like to share my thoughts on our maps. We can not have any variation that splits the 78 corridor. You have an area that is so heavily intertwined, that to split it up would create chaos and it would be detrimental to the health of the community, infrastructure, jobs, economy, and our ability to communicate effectively with our elected leaders.

We are connected by our school districts, community shopping malls, families, employment, colleges, and small businesses.

Beyond that, we all fall underneath the umbrella of Innovate 78, which supports our business infrastructure and economic ecosystem. We are melting pot of shared resources including micro breweries and restaurants. Information and medical technology. Hospitals, First Responders, healthcare and green energy.

Simply put, we can not split this area of North County between districts. While my preference would be to keep Carlsbad included, at the very least, we must have a district that includes the entire 78 Corridor of Oceanside, Vista, San Marcos, and Escondido.
