eComment :

Dear Commissioners,

Please do not break apart the unincorporated communities of Eden Valley, Harmony Grove, Del Dios, Elfin Forest, Rancho Santa Fe, Fairbanks Ranch, Whispering Palms and Sun Valley into separate Supervisorial Districts. These communities have common goals and interests, and have been historically united with similar land use characteristics, zoning and growth plans. Geographically, all the rural residential communities listed are contiguous with each other. To have any of these communities in a separate Supervisorial District would reduce the influence and ability of these communities to preserve their common goals and interests.

Thank you for your consideration in this matter.

Sincerely,

Douglas Dill

Chair, San Dieguito Community Planning Group
