eComment :

We do not want Harmony Grove, Eden Valley, Elfin Forrest and Rancho Santa Fe redistricted and split from each other. The community is strong in these areas and we have worked hard to protect it from fire danger and other threats and the redistricting of Elfin Forest and RSF to Coastal region does not work. San Diego Geography is unique and while development has changed much over the years, we are uniquely rolling hills and valleys that post many differences from one area to another. We are an active community together facilitating many strategies to keep our rural community a success and I fear splitting the district will harm those of us that live within it. We will lose the same ability to gain support through the Board Of Supervisors, and in general have the same guidance through many county regulations and happenings.

Thank you for your time,

Eric Neubauer
