I am very concerned that my current representation may be negatively effected by the redistricting being considered. Three major reasons I will share with you. 1) I align my views with our current office holders and pleased with their communication with Their constituents. 2) we here in North county depend on them to carry our best interests to the ruling boards. And 3) we are part of the larger agricultural community which desperately require that our positions be made clear and protected. Please consider these points I share with a great many others in your decisions
