I'm the Chair of the Elfin Forest Harmony Grove Town Council. Map 13b is the only map that currently does not split our community apart. To reiterate, the Elfin Forest / Harmony Grove Community has distinct boundaries and is represented by one community group, the Elfin Forest / Harmony Grove Town Council. Maps 13a and Map 14 are unacceptable to us as it will disenfranchise our community by splitting it between two Supervisorial districts.
