Dear Commissioners, Thank you for your work in assembling a map that fairly represents several communities of interest. I ask that you keep the 78 corridor cities together in one district. This includes Oceanside, Carlsbad, San Marcos, Vista, and Escondido. Please strongly consider the statements made by these COIs: Black/Muslim, Latino, LGBTQ, AAPI, and veteran communities so their voices are strengthened. Please continue to work on Map 14, which closely reflects their interests. Not one version of Map 13 does that. Thank you.
