Hi, I live in Otay and I was told I could get involved in redistricting. Looking at the maps, I like the Unity Map because it keeps Potrero with the border Latino district and also gives a voice to AAPI voters in Mira Mesa. This is a hard task but I urge you to go with any map except 13a1, 13a5, or 13a6. Those maps are sort of racist. The Unity Map is the best because it protects the Latino border voice. Thank you.
