Dear redistricting commission, thank you for your hard work and follow up. My name is Joseph Alkhurie and I am an El Cajon residents. Please keep El Cajon with East county and neighbors that have same culture, values, ethics, and religion. As you know that we Chaldean, we suffered religious persecution and now we are minority, so we want to keep our religion, culture, and values, and If you want to help us with that keep El Cajon with East county and Rancho San Diego, and spring Valley because they share almost same culture and values. Thank you for your time and understanding.
