El Cajon belongs in East County. Public Map 9 is good because it respects East County. You can also easily fix Map 14 to respect the East County community of interest by making a two way trade: please (1) put El Cajon in East County and (2) put Tierrasanta and the urban areas near the 805 freeway into the Central District. That is about the same number of people to trade so then the population stays balanced. Thank you.
