I've been a resident of Jamul for over 36 years and served on the Jamul Dulzura Community Planning Group for over 20 years. Our small community is rural and has rural needs that would NOT be considered if we were "bunched" with Chula Vista and other urban sprawl areas. Please reconsider putting the unincorporated areas such as Alpine, Jamul, Ramona together instead of this map. Our voices and issues will be lost if combined with South Bay and Imperial. Thank you for your consideration.
