My name is Kent, my pronouns are he, his, him, and I live in the Marina neighborhood. I'm voicing my support of the PANA map that empowers the LGBTQ Community of Interest. Specifically, I request that the communities contained South of the 8 freeway, North of the 94 freeway and East of the 5 freeway, extended out to La Mesa be held in one district. San Diego City Council District 3 was one of the first districts in the Country to be developed in response to community input for the LGBTQ Community of Interest and it is now our job to continue that advocacy. Lastly, as was shared by many commissioners at the last meeting, we can use previous maps to identify ideas for consideration. Draft Map 13B divides and disempowers San Diego's LGBTQ Community of Interest by splitting the heart of our community in half. I ask that the commissioners use Draft Map 13B as an example NOT TO FOLLOW and that no map moving forward use the 163 freeway as a dividing line.
Thank you! Kent
