I represent the Descanso Community Planning Group as the Chair. Map 9, submitted public map, does a good job preserving the East County Rural areas of the county including the municipal areas of El Cajon, Santee, Ramona and Poway which are all job and shopping center areas the rural residents commute to on a regular basis. Maps 13 A & B also preserves the East County Communities including Santee and Poway however it does extend significantly into more developed dense pack areas of La Mesa and Mission Valley which do not hold the same interests with the rural areas of the County. Map 14 is not acceptable as it divides the Mountain Empire into two districts. The Mountain Empire communities are bonded by the common school district MEUSD and common identity.
