Please keep Rancho Penasquitos in District 3, Poway. Draft Map 13A v.5
Ranch Penasquitos is historically known for being populated by a more blue collar, middle management, 1st responders, and teacher population. I feel having Rancho Penasquitos join District 4 would not be a match of like minded people, as perception of the District 4's population is more of a Senior Management, Technology focused, Entrepreneurial population. Therefore few common interests.
