I have been a resident of Torrey Hills since 2000 and an original member of my neighborhood. I reject the idea to split Torrey Hills from the greater Carmel Valley Community. Torrey Hills children share schools, parks, and shopping areas with the other neighborhoods that comprise the greater Carmel Valley Community.

Torrey Hills Mello-Roos tax dollars feed into those school districts, parks, and infrastructure. Torrey Hills needs to be represented within the greater Carmel Valley Community as we are natural part of the community.

Torrey Hills, like adjoining neighborhoods of Carmel Country Highlands and Del Mar Mesa, all share the same nature boundary of the Penasquitos Preserves from any community (District 6) south of us.

My request and vote is to leave Torrey Hills within the same district of the greater Carmel Valley community, and adjust the boundary line between District 1 and District 2 (who share the same school district) to accommodate accordingly.
