As a resident of Lemon Grove, I resent that our 4 square mile area, 26,000 population, is divided. In this division no one cares to represent us, so no one tries. We're just someone else's problem. I can't tell you how many times I've asked County, State, and Federal "representatives" for advice or help, they've tried bumming me off onto another Rep. Neither wanted to help me. Neither cared to represent me or my family. By being divided our small city will never have any power. Please don't split our City!!
