I am writing to register my support for continuing to refine Draft Map 14. While none are perfect, variations of the draft map 14 best represent different community voices by keeping north county communities together in a single district, represented by one Supervisor, so communities of interest will have a voice to represent the common interests and needs.

Keeping the urban areas along the 78 together since they have similar issues and concerns at the County level, with one Supervisor to represent constituents who share unified needs, so there will be one Supervisor to reinforce those needs, and magnify the cohesive voice of a geographic area. It has logical boundaries, and has an existing Joint Powers Authority.
