Please select MAP 14.

Map 14 does a number of important things that make the next Supervisor District more fair and more representative.

1- It ensures a Latino District in South County as required by the Voting rights act, creates a border district, and keeps Coronado with the coastal region and not the border region. It also keeps Historic Barrio Logan with other Latino Communities.

2- It unites a significant number of the rural communities together so that interests and needs can be represented by one Supervisor.

3- It maintains what is called the PANA district, to respect Black, Muslim, and LGBTQ communities and keep them together and best protects and allows representation which reflects the diversity of our central San Diego area.

4- It will maximize the AAPI voting power in a coastal District and keep other coastal communities together. It is important to keep Mira Mesa, Rancho Penasquitos, Carmel Valley, Miramar, Linda Vista, and Kearny Mesa together to support the AAPI community.

5-It does the best job of keeping all five urbanized North County areas of the 78 corridor (Escondido, San Marcos, Vista, Oceanside, and Carlsbad) together so that those cities can be better represented rather than diluting the city residents' interests and needs with the rural communities interests and needs, which are different.
