As a resident of Rancho Penasquitos, I strongly support draft Map 14. It keeps communities of interest intact, and it gives voting power to minority populations such as AAPI, BIPOC, and LGBTQ+. Variations of Map 13 will diminish the voices of these groups and remove representation that reflects their needs and interests. As a member of the AAPI community, my greatest concern is the division of this particular group and the dilution of our voting impact, namely the neighborhoods of Mira Mesa, Rancho Penasquitos, Carmel Valley, Miramar, Linda Vista, and Kearney Mesa. I respectfully request the adoption of Map 14 as the starting point for redistricting and refining the lines. Thank you for your time.
