Redistricting December 2, 2021

My priority and "Community of Interest" is the effect Palomar airport has on the quality of life for constituents in Escondido, San Marcos, Vista, and Carlsbad. The normal traffic pattern for aircraft approach, 90% of the time, is from the East to the Ocean, starting in Escondido, to San Marcos through Vista and touchdown in Carlsbad. Normal departure is West with a right turn towards the City Oceanside. This is a COI that looks to the County to respect these joined communities.

For over 70 years the Tri in Tri-City meant Oceanside, Vista and Carlsbad. The Tri at Tri-City Hospital is for Oceanside, Vista and Carlsbad where we all pay taxes to support this public hospital.

Carlsbad and Oceanside have share environmental issues with the Buena Vista Lagoon and Buena Vista Creek. Today we have ongoing business development with housing and hotels with shared boundaries with Oceanside, Vista, Carlsbad and San Marcos. There are currently 3 planned Hotel projects with shared property in Oceanside and Carlsbad.

Carlsbad shares 2 school districts, with Oceanside and San Marcos.

This is why it is important to keep Carlsbad in District 5.
