From: Sheri L. Snively
Subject: Opposition to the Proposed Redistricting

As a 50-year resident of Jamul, I believe that the proposed redistricting seriously impacts the cohesiveness of the East County community. East County is not the same as the South Bay and should not be represented by the same person. The needs and concerns of these communities are different. If you proceed with the proposed redistricting plan, you will knowingly be silencing the voices of the people in East County, and it will be obvious that blatant political maneuvering is in play.

Please do what is right and fair instead of what is politically expedient for one party.

Sincerely,
Sheri L. Snively
