This comment is IN FAVOR of map draft #14 as it hits on several important aspects to make districts more representative of its constituents. Commenting as an Escondido resident, it unites a significant number of rural communities with common interests together, and it's the most effective option for keeping all five urbanized North County areas of the 78 corridor (Escondido, San Marcos, Vista, Oceanside, and Carlsbad) together so that those cities can be better represented, rather than diluting the city residents' interests and needs with the rural communities interests and needs, which are obviously quite different. Thank you for your consideration.
